

## Itinerario para el Abierto de Francia

Experience Tennis' Best while Experiencing the Best of Paris!

Watch all the drama unfold as the best in tennis come together to battle it out for the world's greatest clay court championship, the 2015 French Open! Held at the famous Roland Garros Stadium in Paris, France, the second tournament of the Grand Slam is the

only one to be played on a clay court. Considered by many to be a much more difficult surface to play on than grass (due to the slower moving, yet higher bouncing ball), this court and tournament forces players to demonstrate their true skill, and prove that they have what it takes to walk away with the top prize.

Join us and soak up the ambience of this world-class event, while sampling the best food, views, shopping, and nightlife this beautiful city has to offer. Our French Open experiences will demonstrate to the nth degree the luxury this illustrious city is famous for. There really is nothing like Paris in the springtime.
